Dear Mr Wolfromm

AMENDMENT OF ENVIRONMENTAL AUTHORISATION ISSUED ON 21 JULY 2014 FOR THE CONSTRUCTION OF THE ELECTRICAL GRID CONNECTION FOR THE 30.6MW BANNA BA PIFHU WIND FARM NEAR HUMANSDORP, EASTERN CAPE PROVINCE.

The Environmental Authorisation (EA) issued for the abovementioned application by this Department on 21 July 2014, the subsequent amendments to the EA, your application for amendment of the EA received by the Department on 11 June 2020 and the acknowledgement letter dated 23 June 2020, refer.

Based on a review of the reason for requesting an amendment to the above EA, this Department, in terms of Chapter 5 of the Environmental Impact Assessment Regulations, 2014 as amended, has decided to amend the EA dated 21 July 2014 as amended, as follows:

The activity must commence within a period of four (4) years from the date of expiry of the EA issued on 21 July 2014 and extended to 21 July 2020, (i.e commence by 21 July 2024). If commencement of the activity does not occur within that period, the environmental authorisation lapses and a new application for environmental authorisation must be made in order for the activity to be undertaken.

The applicant applied to extend the validity period of the EA to ensure that the project is compliant with the requirements of the Department of Mineral Resources and Energy's Renewable Energy Independent Power Producer Procurement ("REIPPP") Programme.

The Department is aware that the environment changes constantly, as a result it might be significantly different from the one that existed at the time of the issuing of this EA, hence the validity of the EA cannot exceed a maximum period of 10 years. Failure to commence with construction activities within the maximum 10 year period, your EA will be deemed to have lapsed and a new application for Environmental Authorisation will have to be lodged.

This amendment letter must be read in conjunction with the EA dated 21 July 2014.

M.S
